## Profile

Energetic and passionate college student working towards a graphic design degree at High Point University aiming to use skills in Adobe software, design composition skills, service engagement and work-related atmosphere to make an impact towards increasing realms of communication between people.

## Experience

### Office of Accessibility Resources & Service 2021-2022

#### Student Worker

Aided students with understanding assistive technology programs. Proctor for exams. Completed office tasks required. Researched assistive technology programs for OARS to license

### Nido & Mariana Qubein Children's Museum 2022-Present

#### Graphic Design Intern/Discovery Guide

I started at the children's museum in point of sales, ensuring smooth transactions and visitor satisfaction. Later, I shifted to a Graphic Design Intern role, creating diverse collateral for educational exhibits and promotional materials. This dual experience enriched my skills and contributions in both operations and creative design, enhancing the overall visitor experience.

## Education
